

MARCH TO THE CAPITOL

"Solidarity Forever"

We will sing this song in the Rotunda at 1:45 p.m. Gather on all Levels 2-4.

With our schools and educators and our families standing tall
We will raise our many voices crying "Public Schools for All!"
We are speaking truth to power. They must listen to our call.
Education makes us strong

(CHORUS)

**We love public schools forever
We love public schools forever
We love public schools forever
Education makes us strong**

Texas owes it to our students. They're the future of our land.
With our eyes upon that future we are here to take a stand.
For our children we have come here singing proudly our demand.
Education makes us strong!

We love public schools...(chorus)

Politicians will you listen? Raise your heads and gather near.
To the voices proudly singing out a message that is clear.
As the people we have spoken and the time to act is here.
Education makes us strong.

We love public schools...(chorus)

We are teachers and support staff, educators every one.
We will shine the light of justice like the rising morning sun.
We will stand and march together till the victory is won.
For our unions make us strong.

Solidarity forever...(chorus)

With our passion for our mission we are left without a choice.
We must stand up for our students. We must be the children's voice.
Let our song rise up and fill the air with righteous joyful noise.
For our unions make us strong.

Solidarity forever...(chorus)

When our union educators stand together, standing proud,
We can show our precious students what it means to stand up proud.
We can sing a song for justice, sing it clear and sing it loud.
For our unions make us strong.

Solidarity forever...(chorus)
