

TEACHERS!

A MESSAGE FROM CCAFT PRESIDENT DR. NANCY S. VERA

August 2020

Dear Colleagues

The Corpus Christi American Federation of Teachers (CCAFT) is elated to welcome you as our colleague!

CCAFT is a union of professionals like you who care about our students and about making a positive difference in their lives, and we want you to consider joining us as an official member.

It is important that we are united and that we network with each other to be more effective in the classroom. In CCAFT, we stand with you to promote public education and cutting edge strategies so you can be the best teacher ever! We are proud that the American Federation of Teachers has led the nation in education reform and excellence.

CCAFT was chartered in 1976 and is the premier teacher organization in the area representing over 1,800 educators in Corpus Christi ISD, Calallen ISD, Flour Bluff ISD, London ISD, Tuloso-Midway ISD, West Oso ISD and Gregory-Portland ISD.

In Texas, AFT has over 65,000 members. Nationally, AFT's over 2 million members constitute a formidable organization advocating for better salaries, benefits, and working conditions.

Belonging to the union provides strong liability insurance and legal protection for you, but it also presents a united effort to advance the education profession. We have a local office with experienced top-notch representatives to answer your questions and meet any of your needs regarding your work as a teacher. How great is that?

You can schedule an appointment with our representatives to get a more personalized look at our professional organization by calling 361.855.0482. You can also access more information about our great union of professionals on social media and the internet:

Thank you for choosing to teach, and thank you for considering joining the Corpus Christi American Federation of Teachers. Please sign your membership card today. Onward and upward!

In Unity and Professionalism,

Dr. Nancy S. Vera
